### Product description

- Unique T-welded safety edge protects cables and installers

### Product advantages

#### End user advantages

- Natural ventilation provides greater cable efficiency

### Technical characteristics

|                                |                      |
|--------------------------------|----------------------|
| Profile shape                  | U-shape              |
| Width                          | 100 mm               |
| Height                         | 54 mm                |
| Length                         | 3000 mm              |
| Usable cross section           | 5143 mm <sup>2</sup> |
| Integrated partition           | None                 |
| Model                          | Without connector    |
| Suitable for circuit integrity | No                   |

|                                           |                              |
|-------------------------------------------|------------------------------|
| Material                                  | Stainless steel              |
| Material quality                          | Stainless steel 304 (1.4301) |
| Surface protection                        | Pickled and passivated       |
| Colour                                    | Stainless steel              |
| Weight                                    | 0.75589787 kg/m              |
| Operating / setting temperature (Min-Max) | -20-120 °C                   |
| Storage temperature (Min-Max)             | -20-120 °C                   |
